What a jewel

Hats off to Scenic Hills Country Club! What a terrific job manager Rick Gorman is doing. With his leadership, SHCC will soar to a never-seen status as a top-notch country club.

The new clubhouse will be something to see! The owners are going all out to make sure the members of SHCC have a facility second-to-none. It, along with Pensacola Country Club, will have a clubhouse that will be the envy of Northwest Florida.

The best part of SHCC is the golf course. Greenskeeper Trent Moore has proven to be the best in the area.

In my opinion, the greens are superior in the Panhandle and the fairways have been opened to allow forgiveness for erratic shots. Trent has filled all bunkers with fine, white sand. What a pleasure to play.

I played the course for the first time in several months and was amazed at how playable the course has become and marveled at its beauty.

I am looking forward to playing the course this spring, when it will be ablaze with blooming azaleas.

They told me the clubhouse will be finished in May. I am looking forward to the grand opening. – *Michael Bolin Pensacola*
