

FOR IMMEDIATE RELEASE

**Local Golf Professional Named Director Of Instruction For The Emerald Coast Golf Trail
USA – Gulf Breeze, Florida – April 16, 2008**

The Emerald Coast Golf Trail continues to impress the Emerald Coast golf community with the announcement it has retained the services of Chuck Woolly as its Trail Director of Instruction. Woolly who counts among his friends the Emerald Coast's Big Four Professional Golfers – Bubba Watson, Heath Slocum, Boo Weekly and Joe Durant – brings his trade back to Meadowbrook Golf, the owner of the Emerald Coast Golf Trail and its four clubs – The Club at Hidden Creek located in Navarre, Scenic Hills Country Club in Pensacola, Shalimar Pointe Country Club in Shalimar/Ft Walton Beach and Tiger Point Golf Club in Gulf Breeze. His friend PGA Tour Player Heath Slocum, who made the cut at this year's Masters, stated: "Chuck will definitely help golfers break away from the vast majority who cannot break a 100 with his unique approach to golf instruction. Chuck's patience and easy manner of communication is a good fit for golfers of any age, gender or physical ability."

Chuck employs two unique programs to give golfers the 100 breakthrough: An annual lesson program for \$ 249 and his trademarked Chuck's Shortgame To Success. The annual lesson program consists of the first and last lesson of the year as a full video analysis and session with basically unlimited ten minute refresher sessions available anytime in between. The Shortgame To Success program is an hour long, 100 ball effort consisting of drills and practice techniques that is a surefire method to shave strokes immediately. Chuck will also offer individual lessons for \$ 50 and clinics for juniors and women as well.

Chuck initially will work out of Tiger Point Golf Club Monday, Wednesday and Friday and Hidden Creek Tuesday and Thursday. He is in the process of adding teaching professionals at each of the four Emerald Coast Golf Trail that will utilize his unique programs and methods of communication and instruction. Each club will offer a wide variety of clinics and lessons all designed to assist golfers to break 100 and to enjoy the game of golf to its fullest.
